

A special holiday fundraising program from

Geppetto's Toy Box

For the past couple of years we have jumped into the fray with national retail chains by having a Black Friday sale. As you can imagine, it is a really crazy day for us! However, it has never felt like the "right" fit for us. From the day we opened ten years ago, our goal was to find and provide quality playthings that supported a healthy, happy childhood for the children of our area while being an important part of the fabric of our Community. Like everyone else, we love holidays and the ritual and meaning they provide for families. Everyone has their favorites, and the one that tops the list in our home is Thanksgiving. Everything about it resonates with us: stopping to be grateful, cooking together, seeing the good in life, all while celebrating the most important relationships, especially in our culture's fast-paced, technology driven world. Although we recognize that we serve the consumer and contribute to a healthy local economy, participating in the Black Friday frenzy never truly resonated with us. At the same time, we understand the value that these savings events provide for families. So we are turning it all on its ear.

Introducing the **GTB Holiday Savings Card**! Purchasing the card from your organization helps raise needed funds for programs and supplies. But you get something too! Present the card at Geppetto's Toy Box and you'll get 20% off* all in-stock products for a whole week! Visit as many times as you like between November 22 - 29, 2015, however, the card must be presented at the time of purchase to be eligible for the discount. With any luck, the pressure to shop the day after Thanksgiving will dissipate leaving you gained time for togetherness, play and gratitude for each other's company that only the holidays provide (maybe even finish off the pumpkin pie a day earlier). Have a wonderful holiday season!

Sincerely,

The Masoncup Family, Geppetto's Toy Box

100% of the proceeds from the sale of the GTB Holiday Savings Card goes to your organization.
